Percentage represents the proportion of states which responded “supportive” or “very supportive” to this question. Other responses include “Not Sure”, “Strongly Opposed”, “Opposed”, and “Neutral”.
Percentage represents the proportion of states which responded "Supportive" or "Very Supportive" to this question. Other responses include "Not Sure", "Strongly Opposed", "Opposed", and "Neutral".
AIEA Roundtable: International Education Survey

- Facilitate coordination and consortia: international student recruitment, study abroad placement
- Foster partnerships and collaboration among institutions, maximize resources and reduce redundancy
- Maintain mission distinctiveness between large and small institutions
- Advocate for internationalization at system, state government, and federal levels
