a Includes clinical faculty.

b Includes medical interns or resident students classified as clinical assistant instructors.

c Includes central staff employees.

1 When using headcount to summarize full-time and part-time employees, each person is counted as one head regardless of the amount of work completed for the institution. In this summary, no attempt has been made to reduce the part-time employees to their full-time equivalency (FTE). Full-time and part-time status is determined by the institution.

2 Faculty headcount includes all employees holding an academic rank, including librarians and clinical faculty.

3 Professional-Non-Faculty employees include a combination of the following titles: a) other professionals, b) executive/administrative personnel, and c) teaching assistants and associates.

4 The State University made reporting changes starting in Fall 2001 which impact the comparability of this report with those previously published. The changes include:

a) The full- and part-time status of faculty on leave is determined by their full- or part-time obligation to the institution prior to their leave. Effects SUNY state-operated institutions.

b) All accounts are used to identify clinical faculty with more than one account, not just the first one. This change effects Buffalo Center, Stony Brook Center, Downstate Medical and Upstate Medical.

5 Cornell Contract College data includes full-time employees of the Geneva Experimental Station and support staff.

6 Brockport's data includes employees working at the Rochester Education Opportunity Center.

7 Includes employees working at Education Opportunity Centers.

8 Excludes employees working at Education Opportunity Centers.

1 Based on average daily attendance, which is determined by dividing the total number of attendance days of all pupils in public elementary and secondary schools by the number of days school was in session.

2 The main fund of each school district; it supports expenditures for all operations not provided for in special purpose funds.

3 Created in 1978 to provide principal and interest payments for long-term debt; prior to 1978 these were paid from the General Fund.

4 Does not include the following special purpose funds: Trust and Agency Fund, School Store Fund, School Food Service Fund, and Capital

Fund. Note: Starting in 1994, Risk Retention Fund is included. This fund is used in those instances where a school district has established a self-insurance program.

5 Includes Board of Education, central administration, community services, transportation, nonbudgetary expenditures, undistributed expenditures, interfund transfers, and fixed charges.

6 Created in 1964 for special projects or programs supported in whole or in part with Federal funds.
