1 Data are counts of marriages performed, except as noted.

2 Based on total population residing in area; population enumerated as of April 1 for 1990 and 2000; estimated as of July 1 for all other years.

3 U.S. totals for the number of divorces is an estimate which includes states not reporting. Beginning in 2000, divorce rates based solely on

the combined counts and populations for reporting states and the District of Columbia.

4 Some figures for marriages are marriage licenses issued.

NOTE: The data for New York City and its five counties are as their boundaries were constituted in 1960, but for the other counties they are as constituted at the time of each census. The principal boundary changes since 1900 include an exchange of territory between Hamilton and Essex in 1915; annexation of part of Queens by Nassau in 1922; and an exchange between Queens and Nassau in 1945.

a Reflects corrections through March 1, 1986.

b Reflects corrections through December 1997.

1 Includes residents in institutions.
